

BrazelDazzle Studios

Sponsorship

BrazelDazzle Studios focuses on teaching classical fine arts study that enables each student to progress to their highest potential. It is our goal to provide an environment where students can grow and learn in all aspects of the performing arts in order to become well rounded confident artists and performers.

Why Sponsor?

Since 2015 we have supplied our community with a quality arts program, nurturing young artists, and utilizing the talents of the area's youth and local arts professionals. We provide a professionally directed hands on program with the highest standards and disciplined focus on spirit and creativity that encourages young minds to become productive citizens of our community. Students who have the opportunity to study the arts and music have an easier time with academics, social skills, discipline, patience, self-esteem, self-expression, and creative thinking.
